SECUENCIA N°5: ADJETIVOS COMPARATIVOS

OBJETIVOS:

- ✓ Identificar y comprender la estructura de los adjetivos superlativos (the + adjective + -est / most + adjective).
- ✓ Usar los adjetivos superlativos para comparar máquinas, herramientas y procesos.
- ✓ Desarrollar estrategias de comprensión lectora a través de un texto breve relacionado con el área técnica.
- ✓ Aplicar los superlativos en producciones escritas y orales simples vinculadas con su especialidad.

★ **USO DE LOS SUPERLATIVOS**

- Los superlativos se usan para expresar que algo tiene el grado más alto o más bajo de una cualidad dentro de un grupo.
- En inglés siempre usamos "the" antes del adjetivo superlativo.

👉 **Ejemplos:**

- *This is the fastest car.* → Este es el auto más rápido.
- *The lathe is the heaviest machine in the workshop.* → El torno es la máquina más pesada del taller.
- *The 3D printer is the most interesting tool.* → La impresora 3D es la herramienta más interesante.

👉 **REGLAS GRAMATICALES**

Regla	Ejemplo general	Ejemplo técnico
Adjetivos cortos (1 sílaba): + -est	tall → <i>the tallest</i> (el más alto)	<i>The drill is the heaviest tool in the workshop.</i> (El taladro es la herramienta más pesada del taller.)

Regla	Ejemplo general	Ejemplo técnico
Terminan en -e: + -st	large → <i>the largest</i> (el más grande)	<i>The lathe is the largest machine.</i> (El torno es la máquina más grande.)
Consonante + vocal + consonante: duplicar la consonante + -est	big → <i>the biggest</i> (el más grande)	<i>The motor is the biggest part of the machine.</i> (El motor es la parte más grande de la máquina.)
Dos sílabas terminadas en -y: cambiar y → i + -est	easy → <i>the easiest</i> (el más fácil)	<i>This control panel is the easiest to use.</i> (Este panel de control es el más fácil de usar.)
Adjetivos largos (2 o más sílabas, excepto -y): usar the most + adj.	interesting → <i>the most interesting</i> (el más interesante)	<i>The 3D printer is the most interesting tool.</i> (La impresora 3D es la herramienta más interesante.)

	bad → <i>the worst</i> (el peor)	<i>The old machine is the worst to operate.</i> (La máquina vieja es la peor para operar.)
	far → <i>the farthest</i> (el más lejano)	<i>Japan is the farthest country for exporting our products.</i> (Japón es el país más lejano para exportar nuestros productos.)

ACTIVITIES:

Text 1 (Workshop Machines)

"In the workshop, students use many machines. The lathe is the heaviest and the oldest machine. It

is also the slowest when we compare it to the others. The CNC machine is the most modern and the most expensive because it uses computers to work. The 3D printer is the most interesting tool for students, since they can create new models and parts. The robotic arm is the most useful machine because it helps with difficult tasks. Finally, the drill is the noisiest tool in the room, and sometimes it is the most dangerous if students do not use it correctly."

1. Extract all the superlative adjectives. (extrae todos los adjetivos superlativos)

2. True or False:
 - A. The lathe is the heaviest machine.
 - B. The 3D printer is the cheapest machine.
 - C. The CNC machine is the most modern.
3. Answer the questions:
 - A. Which is the most expensive machine?
 - B. Which tool is the noisiest?

Text 2 (Safety Equipment)

"In our classroom, we learn about different safety systems and equipment. The fire alarm is the most important device because it protects everyone in case of danger. The helmet is the safest protection for workers, and it is also the most comfortable when compared with other gear. The emergency exit is the farthest part of the room, but it is the most necessary when we need to leave quickly. The safety gloves are the most useful for protecting hands during work. Finally, the old extinguisher is the worst tool because it doesn't work well and it is the oldest piece of equipment in the classroom."
